Winter 2008

Issue 27

***The Newsletter of the Eastbourne Neighbourhood Watch Association  
encouraging the Community to work together to fight crime in close co-operation with the  
Police and supported by Eastbourne Borough Council***

## **Annual General Meeting**

The A.G.M. of Eastbourne Neighbourhood Watch Association was held in Christ The King Church Hall on the 22<sup>nd</sup> November 2007. Reviewing the failures and progress of Neighbourhood Watch over the past few years the Chairman stressed the need for more NW Co-ordinators and remarked on the great progress in Partnership Working with the Police. After the coffee break, during which Co-ordinators were able to talk to each other and compare views and problems in their own areas, the Commander Eastbourne Police District, Chief Inspector Dick Coates, pictured below with Chairman Lionel Lacey-Johnson, gave a very informative update on recent changes and improvements in Community Policing, stressing the value of the partnership the Police now had with Neighbourhood Watch and other Crime Reduction agencies and thanking Neighbourhood Watch Co-ordinators for their help in reducing crime in the Borough.

## **Security Education**

Good News!! It appears that our efforts, through leaflets and talks, to advise residents on good home security is at last having some good effect. The number of preventable crimes is at its lowest level for some time. We are now turning some, but not all, of our attention to helping the Police to reduce the number of incidents of Anti Social Behaviour. The Chairman has joined the ASB Panel of the Crime Reduction Partnership.

## **News from Sussex Neighbourhood Watch Federation.**

Due to recent financial constraints imposed on Sussex Police it has been decided to do away with the Crime Prevention Co-ordinators (CPCs) and to reduce the number of Crime Prevention Officers (CPOs). The CPCs were initially set up to provide direct support for Neighbourhood Watch groups throughout the County, the CPOs provide some assistance to NW Groups but their main task is to provide advice on Crime Prevention within the community, visiting recent victims of crime and advising on measures to prevent a similar occurrence. We have been very fortunate in Eastbourne in that we have had a very supportive CPO and we have our HQ in a Police Station with direct access to the District Commander and the Neighbourhood Policing Teams-now known as the Neighbourhood Specialist Teams (See NW Newsletter No 26). Other NW groups in Sussex are not so fortunate and a study is underway to find the best way of compensating for the loss of the CPCs and to come to some agreed plan to set up a standard organisation and level of Police support for all NW groups in the County. At the moment Eastbourne NW looks like becoming a role model for this re-organisation. Watch this space!!

### Neighbourhood Panels, Street Briefings and District Commander's Meetings.

More Neighbourhood Community Panels (Formerly known as L.A.Ts) are being set up throughout the Borough. The Panels provide an opportunity for residents to meet and discuss all forms of local issues of concern to the community. The Police aim to have at least one Neighbourhood Panel in each of the nine Eastbourne Wards. For more details on these Panels please contact the Police Sgt in charge of your particular Neighbourhood Specialist Team –(see contact details elsewhere in this Newsletter). Similarly Street Briefings are a more localised opportunity to highlight local issues and are conducted mostly by the local Community Police Officer and/or your local P.C.S.O. and, in future, your local NW Ward and/or Scheme Co-ordinator. The Police District Commanders meetings, such as that held recently in the Arndale Centre and ASDA, provide an opportunity for the public to meet Chief Inspector Dick Coats and members of the Neighbourhood Specialist Teams. In future the Neighbourhood Watch Police Support Office at Hammonds Drive will be helping to publicise these meetings with the help of the local NW Co-ordinators.

## RECENT THREATS –

### “PEDLARS”- SOME ADVICE

A “Pedlar” –sometimes known as a “hawker” is someone who travels and trades on foot, offering skills or goods for immediate sale. To be acting legally the person must hold a certificate signed by a Chief Constable. The certificates are normally valid for one year and apply throughout the UK. Certificates cannot be issued to persons under the age of 17. Should such a trader approach you you should ask to see his or her certificate. Persons without the necessary certificate are committing an offence.

### FRAUD BY TELEPHONE

Fraudsters have been calling people in Eastbourne saying they are from a Credit Card Company and informing the people called that they are concerned about some recent transaction on the victim’s account. The callers have been asking for details of credit cards held including the code number on the back of the cards. Please note that real credit card companies will never ask for such details over the telephone.

Should you receive such a call please call the Police on 0845 60 70 999 giving as many details of the call as you can.

### Recruitment of Co-ordinators

As most members will realise we have a constant problem with recruitment of Co-ordinators, not only to fill gaps in NW cover but also to replace those Co-ordinators who have, for one reason or another, had to give up. At the AGM the Chairman appealed to members to let him have their views on why recruitment was so difficult. So far two members responded to this appeal with some very well thought out and useful ideas, which will help us, plan future recruiting drives. **Thanks to them.**
